WELCOME

In 2010, it started with a dream of elevating the gathering experience for our families, friends and community.

The idea was simple — create a space free from distraction, focus on the production of well-crafted beers, express our passions with our community and get back into the art of conversation.

The idea was to create a home.

Four years after opening our first location in Rolla, Mo., we found a partner in St. James Winery who shared our passion for community and craft.

Surrounding ourselves with people who were passionate about their craft was, and remains, the cornerstone to Public House Brewing Company.

You can now experience this craft and passion through the locally sourced foods, regional music, and of course locally crafted beer and wine at both of our locations.

We hope you enjoy your time with us.
